

What is NAMI Ending the Silence?

NAMI Ending the Silence is a free, 50 minute presentation designed to give students an opportunity to learn about mental illness through an informative Power Point and short videos. Through the presentation, students learn symptoms and indicators of mental illness, and are given ideas about how to help themselves, friends, or family members who may be in need of support. Additionally, the presentation includes personal testimony from a young adult living with a mental illness about his/her journey to recovery.

NAMI Philadelphia, the local organization of the National Alliance on Mental Illness will be glad to offer its NAMI Ending the Silence presentation to you and your students at your convenience. Contact us for more information on how to schedule!

Audience Perspectives

“It is amazing what just one day, one talk can do. You never really know what’s going on in the brain of any particular student.” -Teacher

“I’m really grateful and glad that you talked to us. I often feel very alone or weird because many kids my age don’t understand. But, now I’m sure they would be more supportive of me.” -Student
